English Views on the Alabama Question

London April 4 —Disraeli in a speech at Manchester, referring to the American difficulties growing out of the *Alabama* claims condemned the course of the Gladstone Ministry, admitting that it was impossible for America to recede in regard to the question. He thought Ministerial incompetency would be sealed by the ultimate acknowledgment that the principle of indirect claims must be fraught with the utmost danger to England. Earl Derby and other prominent men followed in similar speeches

James Stansfeld Radical member of Parliament, in an address to his constituency last night, touched significantly upon the *Alabama* treaty, and said the treaty seemed to be in jeopardy. SPECIAL DISPATCHES TO THE OREGONIAN

EASTERN STATES

New York News

Albany April 5 In the Assembly to-day the bill to enable the Pacific Mail Steamship Company to reduce their capital stock by buying in and cancelling the same, came up and it elicited some discussion—Foley denouncing it as a stock jobbing measure and Hawkins declaring that he never heard of it reducing its stock by buying in others, and claiming that the bill was in the interest of the stockholders and for their benefit

New York, April 5 —Att'y General Barlow instituted in Superior Court a suit against Jay Gould and Fred Lane to compel them to account for the management of the Erie Railway and restore the money they gave corruptly, and summons in the suit has been made on Gould, Lane General John A Dix and Field. General Dix, as President, is included in the suit as a mere formality and it is probably understood that the road will finally prosecute the case. The fact that the Erie road is included in the suit as co defendant with Gould and Lane, also leads to the belief that Archer, Eldridge, Stone and all members of the ring are implicated by it. If recovery is had from the road by a successful suit all the members of the old Board will have to pay the losses resulting to the Company by negligence in not restraining Gould, Fisk and Lane in their complication in any operations which may be proved corrupt. An answer will have to be filed before the 24th inst

New York, April 5 —A prisoner before Judge James Court in Williamsburg this morning was found to have the small pox. Salt Lake, April 6 —The Mormon Republican Convention last evening elected Frank Fuller and Thos Fitch delegates to the Philadelphia Convention with Geo A Smith and Wm. Jennings as alternates. An elaborate platform adopted sets forth the Republican party's origin was a necessity demanded for the purification of the Government from corruptions growing out of human slavery. That no party in history has so good a record, that the public policy of the Administration, with few exceptions, has been in full keeping with the high prestige of the Republican party—pledges the party countenance to all measures of the past, with such modifications as experience and exigency may suggest and deprecates the course of many federal officers in Utah, but is confident the Administration will relieve the people from oppression so long and patiently borne. That no part of the people should be deprived of a voice in elections of those who execute laws; that the Territorial system is to prepare people for self government, not to rob them of it; and that it the duty of the Republicans to see that Utah be restored to her national rights

Committees of Investigation

[illegible] *Herald* [illegible] says [illegible] committees of Investigation into the [illegible] conduct [illegible] have never been [illegible] necessary under former administrations. This novel feature [illegible] Grant [illegible] the President [illegible]. These assertions [illegible] proceed rather from partisan [illegible] than from ignorance of the recorded facts of political history than from any wilful desire of misrepresentation. But they are far wide of the truth as every person ought to know. Not only is the Committee of Investigation not a novel feature in our political history but such committees have been deemed necessary under former administrations and have frequently been made use of [illegible] to the contrary notwithstanding.

If examples under Democratic administration are sought it is only necessary to go back to the administration of President Buchanan. The last years of that administration were marked by a series of such investigations by order of Congress and the disclosures resulting therefrom had a powerful influence on the public mind and helped materially to break down the party that was responsible for the abuses which had been revealed. There is the celebrated Covode Investigating Committee—has our neighbor ever heard or read of it? Corruptions and abuses in the public service under the Buchanan administration were so glaring that Congress appointed this Committee to make a thorough investigation of the affairs of the Departments and of transactions in the public service generally. The amount of fraud, wastefulness and corruption that was exposed startled the country. The exposure contributed as much as anything else to break down the Democratic party.

The frauds perpetrated in the War Department during Buchanan's administration were especially flagrant. On these frauds there was a special Committee of Investigation. It was shown that the amount of money stolen from the Government by collusion of the Department with contractors in the single item of transportation during the Utah expedition, ran up into millions. Did the *Herald* never hear of this Committee of Investigation? Probably not, as it thinks that such committees are a "novel feature in our politics, and have "never been deemed necessary" till now.

Since that paper is so correct in this particular, need we wonder to find it equally so in another? It says that "Grant's special friends in Congress are found always resisting all attempts to raise investigating committees. Now, there has been no attempt whatever to resist the appointment of such committees. The opposition has been directed against the slurs and insinuations, the sinister political designs, and the unjustifiable assumptions of enemies of the administration, who have not been trying half so much to purify the public service as to 'break down' an administration that they want to get rid of because they are unable to control it. Certain Senators lost their patronage and hence their malice. Those who opposed their covert mode of attack and denounced the political trick which inspired it have been accused of a design to 'screen and whitewash corruption." The result of the "French arms" affair shows how unfounded this accusation is. Mr Sumner introduced his resolution for investigation with a preamble which accused our Government of flagrant violation of good faith and fair dealing toward Germany. This preamble, not the resolution for investigation, was opposed. After it was debated fiercely for a month Mr Sumner withdrew the preamble. The Committee of Investigation was then appointed, and the Senators who moved the inquiry have been called to testify before it. But the testimony amounts absolutely to nothing. It is ale-house gossip. All their elaborate speeches in the Senate denouncing the administration were based on mere idle rumors. Meantime the German official organ at Berlin has declared that the German Government has no cause for complaint. The matter will never be heard of again. All the outcry about it was simply a political trick. In like manner other subjects upon which investigations were moved have been treated. They have been exaggerated and magnified for the purpose of running Grant off the track as a candidate for re-election. At any other time than in the year of a Presidential election they would have attracted little notice. Not a move has been made by the self styled "reformers" which was not intended as a piece of political strategy for the Presidential campaign. Those who exposed their trickery were charged with a purpose to "defeat investigation." But, as the New York *Evening Post*, an anti Grant paper admits. These attacks have broken down in every direction.

Senator Trumbull, after starting and backing for a long time, has at last taken a formal leave of the Republican party and gone into the hostile camp. It was to be expected. Mr Trumbull has not been in close allegiance with the Republican party for several years. His term in the Senate will expire in March next, and as he has no longer any claims upon the Republican party or any hope of being re-elected by it it is high time that he began to look for aid elsewhere, if he expects to remain in political life. But the expedient will not save him. All precedents show that no man who has risen to high position through party modes, however eminent his abilities, ever broke with his party and had political prosperity afterwards. Political retirement has been the fate of all men of every party who have attempted such a course.

Jackson county Democrats have instructed against ex-Senator Nesmith for Congress and Governor Grover's henchmen [illegible] have gone into Polk and set up the legislative delegation in that county against him and for Grover for the Senate. Mr Nesmith's own precinct, the story goes, was handled against him in the primaries and County Convention by Grover's troopers under the lead of Bill Watkinds. We fear Mr Nesmith is not in much favor with a certain portion of his party. That comes of his having been a Union man and supporter of the war instead of standing by Breckinridge and following him out of the Senate. They may talk sweetly to him for they want his assistance but they will never forgive him.

A Washington dispatch of the 1st March says: "It is well understood among politicians here that Judge Davis will decline to run as a Presidential candidate if he is [illegible] nominated [illegible]

Political Signs

[illegible]

[illegible] the *Tribune* returning to the contest in that State told the Republicans thereof in a sly and oily way that they might as well vote the Democratic ticket, because their State officers had often been Democratic and the State [illegible] as well served by these as by her [illegible] State officers and Legislatures. An unmistakable desire to have the State [illegible] the Republicans of Connecticut couldn't give their consent. The *Tribune* admonished them that if they wished to carry the State they must not mention Grant's name in the canvass, that would be injurious and would invite defeat. The *World*, Democratic organ, [illegible] the *Tribune* said:

> If the Liberal Republicans permit Grant to be endorsed in Connecticut the Cincinnati Convention will be of as little account as the Fremont Cleveland Convention was in 1864 and the Democratic party will nominate Charles Francis Adams or Judge Davis and fight an independent battle. If the Liberal Republicans will defeat Grant in Connecticut *they* can select the opposition candidates and count upon zealous, united Democratic support in electing them. But if, having the power to turn Connecticut against Grant, they do not choose to exert it, the Democratic party (whose organization will not be dissolved in any event) will turn its back upon Cincinnati and as a sailor would say "steer by its own compass." If the Liberal Republicans let Grant carry Connecticut the Cincinnati Convention will not be worth a pinch of snuff. The Democratic party is ready for an alliance with patriots but not with poltroons. If Messrs Sumner, Greeley, Bowles and our respectable friends of the Hartford *Post*, prefer a Grant triumph in Connecticut, we tell them plainly that the jig is up.

This is very much to the point. Read by the light thus afforded, the result in Connecticut appears to amount to something. But look at the names mentioned by the *World* as Democratic candidates—Charles Francis Adams and Judge Davis. What names for the "unterrified" to support.

On Wednesday of this week the Democratic State Convention will assemble at the Dalles. The prominent candidates for Congress in the western part of the State are Burnett of Benton, Helm of Linn and Hayden of Polk. Ex Senator Nesmith has been spoken of, but we learn he is not a candidate. It is said that Slater will have considerable support from the eastern counties, but his nomination is not considered probable.

The *Herald* appears to be anxious to repel the rumor that Governor Grover is about to retire from the business of political mountebanking. It asserts that he is about to take the stump again, all reports to the contrary notwithstanding—so it would seem that the public ear is again to be vexed for a few weeks with the sound of that Chinese gong.

It is shown by a recent statement of the Treasury Department that the receipts of the Government for this year will be $359,000,000 expenditures (including interest) $239,826,084, balance over expenditures, $119,173,916.

The following is a summary of the business transacted at the United States Land Office at Vancouver for the month ending March 31, 1872: Original homestead entries, 2,101 acres, final homestead entries, 320 acres, pre-emption entries, 2,060 acres, lands sold for cash, 183 acres, total number acres disposed of 4,664.

The island of San Juan has a population of 500, not including the military which if both camps had a full complement of men would swell the whole number to 550 souls. The number of farms taken up is about seventy five, some of which are in a splendid condition of cultivation with good buildings, orchards and generally well stocked with cattle and sheep.

The Real Estate *Record* at Walla Walla says: For the past month Mr I T Reese's flouring mill has been doing a pretty lively business, having ground during that time 9,000 bushels of wheat manufacturing 1,800 barrels of flour. He has shipped down the Columbia this month 300 barrels of flour and to Portland 40 tons of mill feed and 10 tons of grain, also to Lewiston 100 barrels of flour.

The Vancouver *Register* says: The railroad survey is being prosecuted with energy by Capt Birney and his party along the banks of the Columbia. We are given to understand that the line now being surveyed will be adhered to on the final location of the road with perhaps very slight deviations. The camp is now established about five miles above this place on the river. The line as surveyed eastward from Kalama keeps close along the north bank of the Columbia.

A meeting was held at Port Townsend a few days since to take steps tending to the extension of the telegraph from Seattle to that place. Col. Vernon, G F Heerman and D C H Rothschild were appointed a committee to solicit subscriptions for a joint stock company. The capital required to be raised by the telegraph company is $15,000. One third of this amount the Port Gamble Company will pay, leaving but $10,000 for Port Townsend, Port Discovery, Port Ludlow, Port Madison, Seabeck and Seattle to contribute.

The Kalama *Beacon* says: "A well known and prominent railroad boss at Pumphrey's undertook to chastise a Chinese cook, but John was equal to the emergency and catching his would be master by the hair, at the same time brandishing a hatchet over his head, said 'Melican man no sabe me—you bet. Me make hashee you velly soon.' A third party stepped between the combatants and postponed results, or by this time we would have a grave stone marked 'sacred to the memory of Captain Tom —— who was foully murdered by a Heathen Chinee.'"

Our farmers are very busily engaged in putting in their grain just at the present time. In our daily chat with them we find that more grain will be planted in this county this spring than there ever was before, but as yet they have hardly commenced.

Attempt at Arson

ALBANY, Oregon, April 7.—An unsuccessful attempt was made to burn the St Charles Hotel in this city last night by some unknown person by pouring kerosene oil through the window on the carpet of the parlor and setting fire to it. No damage was done, and no clue as yet to the attempted incendiary. Much indignation is felt among the citizens at so dastardly an attempt at incendiarism, and a general feeling of insecurity and want of protection from such villains is felt by property owners here, and a more thorough and efficient police force is wanted.

Political Facts and Speculations

The New York *Herald* of the 23d and 24th March contains these political paragraphs:

Last year after the New Hampshire election among the numerous Presidential race horses trotted out by the Democrats were Hoffman, English, Parker, Hancock, Packer, Pendleton, Thurman and Hendricks and the sleek and shining Hoffman backed by Tammany, led the gay procession. This year after the New Hampshire election, all these entries are withdrawn. From English to Hendricks these availables of last March are "down among the dead men" for even our worthy Governor is counted as dead as Andy Johnson. The late active Democratic party has become passive. It is weaving around itself the cocoon of the passive policy, hoping to be changed from the ugly grub to the lovely butterfly by the Cincinnati Convention. And so there is nothing doing among the Democrats in behalf of the usual Democratic ticket. [illegible] meantime that all the Democratic candidates for the succession, with the party itself, are withdrawn from the field awaiting the action of the Cincinnati anti Grant Republican Convention.

And what can disaffected leaders and bolters looking to Cincinnati hope to accomplish now against Grant when as a candidate for a second term he has all the advantages of Jackson and Lincoln? The opposition forces may be fused upon one ticket or divided up on three or four tickets, but the substantial result of the Presidential election will be the same, because the masses of the people are satisfied with Grant's administration, and they are wiser than the politicians.

The Cincinnati Convention will be an indignation meeting of outside Republicans in regard to the spoils and plunder of the national administration and the Philadelphia Convention will be a family love feast of inside Republicans. The Democracy expect a satisfactory treaty of alliance offensive and defensive from Cincinnati because they too are outsiders. The great body of the people caring nothing for the spoils of the Federal [illegible] will [illegible] the question of the next Presidency upon the substantial merits of General Grant's administration.

Of the then pending elections in Connecticut the New York *Herald* said: Connecticut is doubtful because the strength therein of the out-and-out anti Grant Republicans is doubtful. If it were an established fact that they numbered 800 men the State would be good for the Democracy, yea if the anti Grant Republican bolters bring over to Hubbard 200 votes they may elect him. If they fail to do this they will [illegible] Cincinnati.

The Salem *Statesman* of Sunday says: "We understand the Democracy of this county are leaving no stone unturned to get up a 'People's Ticket.' Colonel Chapman is still here trying to get a land grant for the Portland, Dalles and Salt Lake Railroad. On the 5th of this month he obtained a patent for a 'new improvement in railway track cleaners,' invented by himself. It is intended to brush sand from the rails behind the locomotive to prevent impeding the train when the track is 'sanded' for the engine. In the Senate, on Tuesday, March 19th during the morning hour, Senator Corbett made some remarks in favor of his bill to facilitate specie payments, by compelling banks to hold their reserve in coin. He said it was time to do some thing to secure a return to specie payments and advocated his bill as a safe means of bringing about that result.

Still Another Remarkable Cure

SAN FRANCISCO, Nov 1, 1871.

DR. A. M. LOBYEA & Co.—Over two years I was afflicted with Rheumatism and tried all the known remedies, but experienced nothing more than a temporary relief, the disease always returning. Some months since I concluded to take your Oak Weed Remedy and the result was a speedy and Permanent Cure, the Rheumatism being entirely eradicated from the system. The OAK is also a Tonic of the very highest order. It increases the appetite and invigorates the body. I cheerfully bear testimony to its good effect upon me, and feel sure that it will do all you claim for it.

Very truly yours,
J. W. TRIPP
(Of McGraw & Tripp, Attorneys-at-Law)

SUDDEN DEATH —An Italian who registered his name as Jean Belhomme died suddenly at the New Orleans Hotel on Saturday night about 11 o'clock. Concerning the event we have been able to glean the following facts He arrived on the Cascades boat from somewhere in the vicinity of the Dalles on Saturday evening Shortly after his arrival at the New Orleans hotel he complained of feeling very unwell, and asked for a doctor He was directed to one of whom he procured some medicine and returned to the hotel Supper being ready he sat down but was able to eat but little. Still complaining, he asked if there was an Italian about the house as he wished to have a letter written to the Dalles in that language None, however could be found who would perform that task About 9 o clock he retired to his bed. In the course of an hour the cook gave him a little wine mixed with water. When the cook left him, he appeared to be in great pain A few minutes before 11 o'clock the cook had occasion to go to his room, but found the bed unoccupied He commenced to search for the sick man, and soon found him lying on his face, in the back yard, dead. The body was limber and still warm Coroner Dryer was sent for and an inquest held over the body yesterday morning Drs. Ryan and Kinney were called in and a *post mortem* examination made of the remains The [illegible] is the medical report of the physicians, and the verdict of the Coroner's jury summoned in the case

We, the undersigned Physicians certify that after a careful examination of the body of Jean Belhomme, find as follows The lungs were [illegible], there was fatty degeneration of the liver; the abdominal cavity was filled with serum; the kidneys highly congested, there was also valvular disease of the heart, and hyper[illegible] which, in our opinion, was the cause of his death.

J C RYAN, M D
AUG C KINNEY M D

We, the Jury, find the cause of the death of Jean [illegible] as above indicated by Drs Ryan and Kinney. O. Risley Foreman, L Levin, John [illegible], J. G Dorman, J H Murphy, David Lewis, H. J. McIntire

The deceased was aged about 40 years Nothing further is known of him than that he was the owner of a cattle ranch near the Dalles Who his friends and relations are, or whether he was married or single, are matters of conjecture. He had $44 in coin when he came down Out of this sum, he had paid to the physician from whom he procured the medicines $25, and promised to pay as much more when the physician effected a cure, which he said he could do. In his pocket was found the $25 which was sufficient to secure him a decent burial without burdening the county with the performance of that duty

BOARD OF FIRE DELEGATES —The Board of Fire Delegates met on Saturday evening last: [illegible] Lyon in the chair

The following members were present Arnold, [illegible], Hallock, Holman, Kilbourne, Lamar, Marvin, Moffett, Whalley and Wetzell.

The report of the special committee on the laws of the Department was on motion adopted, and the [illegible] discharged.

Applications for certificates for members of [illegible] No. 1 and 2 allowed.

The application of Jacob Myer, of Hook and [illegible] No. 1, and W. H D Joyce, of [illegible] No 1, were referred to Committee on [illegible]

A resolution offered by Mr Wetzell, to correct the minutes of the last meeting of the old Board, was on motion laid on the table

Mr. Wetzell offered a resolution requiring the [illegible] of the Department to record all reports of [illegible] on the minutes Lost.

The [illegible] of the special committee was taken from the table, when the Board resolved itself into a Committee of the Whole. After reading the [illegible] laws the committee rose, reported [illegible], and asked leave to sit again, which was [illegible]

FIFTY-THIRD ANNIVERSARY —We understand that a movement is now being made to celebrate, in an appropriate manner, the coming fifty third [illegible] of the establishment of the Order of [illegible] in the United States, by a grand [illegible], in which the Odd Fellows of all the towns in the State will participate [illegible] occurs on the 26th instant, and [illegible] is to hold a picnic at Aurora on [illegible] and Oregon Railroad, and have the [illegible] of the Lodges of this city and East [illegible], Oregon City, Salem, Harrisburg, Albany, Jefferson, Eugene and other towns to meet them at that place, and there cement, in a grand, [illegible] day, the friendship and love which the Order teaches. There is no doubt but 2,000 or 3,000 Odd Fellows, with their wives and children, could be collected at this place upon such an occasion, which would make it an event long to be remembered

BURGLARS AROUND —On Friday night last, some anonymous person entered the house of J. N. Dolph, Esq., on Seventh street between Alder and Washington with burglarious intent. Mr Dolph at the time was absent, and Mrs. Dolph, hearing the footsteps down stairs, was so frightened that she did not disturb the light fingered [illegible] in his work In searching the premises, the burglar upset a small lamp which so [illegible] him that he made a precipitate exit through the window On the following morning Mrs. Dolph discovered that the sum of $5 had been taken from a purse lying on the center table. The thief had discreetly left the purse which was silver, and worth about $12 as he probably feared identification

TRACKED AND CAUGHT —A few days ago U S Marshal Thomas G Young disappeared from public view, and few if any knew his whereabouts It now turns out that Marshal Young is in San [illegible], and has U. S. Hart in custody under a U. S. warrant. It will be remembered that Hart was a railroad contractor who made his sudden [illegible] from here not long ago without paying his men. Hart went into bankruptcy and made oath as to his property and money His arrest was probably based upon his statements as to his assets. Marshal Young will probably come up on the next steamer with his prisoner

BOUND FOR SALT RIVER —We learn that arrangements have been effected by the delegates to the State Convention with the East Portland Band to accompany the delegations to the Dalles The delegates feel so solemn on their way to the grand political funeral of the 'Possums, that music is necessary to dissipate the gloom and cheer them up A wag at our elbow suggests that the Band ought to be engaged for the Salt River excursion on the 4th of June for the whole party.

HEAVY FALL —Joseph Collier, the engineer on board the *Katie Ladd* fell from the roof of the boat cabin yesterday and was severely hurt He was engaged in fixing the "jacket" around the [illegible] stack, when his hold on the piece of sheet iron [illegible] slipped and he went over backward. The distance was about ten feet. He struck on the back of his head and shoulders For some time afterward he remained unconscious, but at the present writing is able to walk around

FROSTY.—People of California are suffering from Frost again It is not Jack Frost of [illegible] notoriety but the veritable Mrs J. B. Frost, well known to Portlanders who left a large circle of enquiring friends some time ago in Victoria. She waltzed into the people's con[illegible] to the tune of several hundred dollars and then hied away in great haste to San Francisco to attend at the bed side of a sick son Her Victoria friends have missed her at home

TEMPERANCE LECTURE —Mr L Leeland, one among the ablest temperance champions now before the public, will deliver a temperance lecture before the Brooklyn Temperance Association on Wednesday evening next at Lee's Chapel near East Portland The public are cordially invited to attend It is expected that Mr Leeland will make his appearance before a Portland audience soon Admission free

WALLAMET SOCIETY —This flourishing Society met on last Saturday evening The evening was devoted to literary conversation and animated discussions on several interesting subjects Geo Venable Smith was selected to deliver an address before the Society on next Saturday evening at the Society's rooms His subject will be, "Want of Individuality in Americans" A pleasant time is anticipated

AMUSEMENTS.

R FULFORD'S BENEFIT —This accomplished and favorite actor will be the recipient of his first benefit here, at Oro Fino Theater to morrow evening Manager Waldron has generously tendered him this benefit All who have witnessed the efforts of Mr Fulford on the "stage dramatic" cannot withhold from him the title which he has won of being among our public's favorites He is young in the profession, and has many things yet to learn but his pleasing address on the stage, and his constant studied effort to *please* and impersonate correctly have won for him a warm niche in the hearts of theater goers The actor who constantly emulates the examples of the great masters of the histrionic art, deserves success, and Mr Fulford's efforts should be appreciated and meet with a just measure of encouragement The piece for Tuesday night has not been announced, but the public will doubtless be apprised in time Mr John J Jacobs has kindly consented to appear in the dagger scene from "The Wife"

"FLYING DUTCHMAN" The "Flying Dutchman, or the Phantom Ship" was produced on Saturday evening to a large audience The principal feature of this drama is its startling scenic effects It is but a succession of scenes and has really but little acting about the piece; Mr Waldron as Vanderdecken, the dumb-struck wanderer of the deep, acted his part with a fine conception Nor were the other members of this excellent troupe deficient in their respective roles Altogether considered, the piece was well put on the stage and acted in a manner highly creditable to the art It will be repeated this evening T[illegible] evening Mr Fulford will take his first benefit at the Oro Fino Theater Programme will be announced in time

DEMOCRATIC CONVENTION

The [illegible] of Multnomah county [illegible] on last Saturday [illegible] The object of the convention as stated in a regular call from the Chairman of the Central Committee being to elect ten Delegates to attend the State Convention to be held at the Dalles on the 10th instant After much delay and not a little buzzing among aspiring [illegible] who wanted to be [illegible] the Chairman of the County Committee Mr Hallock put in an [illegible] appearance whereat [illegible] buzzing ceased and all took seats Mr Hallock [illegible] that [illegible] up their backs because things did not proceed exactly in accordance with Hoyle

Then all looked very solemn and so having delivered himself he wiped the sweat from his face and sat down

A motion was made and carried that W W Page act as temporary Chairman of the Convention

Before taking his seat Mr Page stated that the Convention had done him [illegible] in electing him [illegible] and responsible a position and that [illegible] you even with all the dignity he had And then he also sat down

B G Whitehouse was chosen Secretary and Eugene Semple assistant

The Chairman appointed a committee of five to examine and report upon the credentials of delegates

While this committee were engaged on their report E A Cronin was called out and addressed in a few words the Convention

Chairman Page said that the Convention wanted more light (here the reporter was a little puzzled as to what he meant, as there was already an abundance of gas) and he hoped some good Democratic brother would arise and by furnishing some of the desired article enable the Convention to kill time a little more decently

Ex Chairman Hallock was called for, but as he had no light to impart, he modestly declined in favor of his friend ex Governor Curry but that gentleman couldn't see the point, owing to the prevailing obscurity, and suggested his friend Bellinger the aspiring young candidate for District Attorney laurels Bellinger declined in favor of his friend Ben Hayden who, he said, was present Of course Ben wasn't going to decline in favor of anybody else, and so in response to a continued call he came forward with his usual maiden modesty and a great show of reluctance He harangued the delegates in his customary loose, profuse and desultory style, until those present were spared a further infliction by the sudden appearance of the Credential Committee This choked him off and peace serene once more reigned in the councils Ben then took his seat, at which act the crowd didn't look bored any more, but greeted it with loud and prolonged cheers, and the vigorous sound of the "bewgags"

The Committee reported that the papers of delegates had been examined and pronounced all "hunky" At this announcement all smole a sickly smile and tried to look happy and grave at the same time

An East Portland delegate moved to proceed to the election of ten delegates to attend the *lyca* gathering of all the 'Possums at the Dalles

After some skirmishing on the out posts in relation to preliminaries, manner of voting, etc, the Chair announced the fact that the Convention was ready for nominations

Messrs S G Mills and A L Kirk were appointed tellers

Nominations followed thick and fast, until by *actual* count, every delegate present was placed in nomination Just at this juncture, the "still, small voice" of N H Lane, of East Portland, was heard, saying that he "moved the nominations now close"

The balloting proceeded briskly and after counting the votes the following persons were chosen delegates to the State Convention

Al Zieber B L Norden G L Curry, R J Ladd, T Ryan E J Jeffreys, J A Chapman, J. P Carroll, D Raffety, and E A Cronin

Everything being pronounced lovely, and the goose swinging high, the Convention concluded to rest from their arduous labors and await the development of results until the ides of June

Peter's Ride to the Wedding.

Pe[illegible] would ride to the wedding—he [illegible]
[illegible] mounted his ass—and his wife
[illegible]
[illegible]
[illegible] through life.

"Is a mighty convenient, the ass, my dear,
And proper and safe—and now
[illegible] the tail while I hold on the ear
And we'll ride to the kirk in time, never fear,
If the wind and the weather allow."

The wind and the weather were not to be blamed
But the ass had adopted the whim
That two at a time was a load never framed
For the back of one ass and he seemed quite ashamed
That two should stick fast upon him.

"Come Dobbin," says Peter, "I'm thinking we'll trot,"
"I'm thinking we won't," says the ass
In language of conduct, and stuck to the spot
As if he had sworn he would sooner be shot
Than lift up a toe from the grass.

Says Peter, says he, "I'll whip him a little,"
"Try it, my dear," says she,—
But he might just as well have whipped a brass kettle,
The ass was made of such obstinate mettle
That never a step moved he.

"I'll prick him, my dear, with a needle," said she,
"I'm thinking he'll alter his mind"—
The ass felt the needle and up went his heels,
"I'm thinking," says Peter, "he's beginning to feel
Some notion of moving—behind."

"Now lend me the needle and I'll prick his coat,
And set t'other end, too, agoing."
The ass felt the needle and upward he reared;
But kicking and rearing was all, it appeared,
He'd any intention of doing.

Says Peter, says he, "We get on rather slow;
While one end is up t'other sticks to the ground;
But I'm thinking a method to move him I know,
Let's prick head and tail together, and so
Give the creature a start all around."

So said, so done, all hands were at work,
And the ass he did alter his mind,
For he started away with so sudden a jerk
That in less than a trice he arrived at the kirk
But he left all his lading behind

Whip and Dagger.

From the New Haven Palladium

The party whip is a weapon of which we have lately heard a great deal, and principally from journals by which its use was once warmly advocated. It has been generally wielded by party organs, though sometimes a member of Congress or Senator has cracked its lash with remarkable vigor. The late Thaddeus Stevens was an adept in its use, and when he held the handle few could resist him. During the impeachment trial of Andrew Johnson, the *Tribune* cracked it around the ears of Senators Trumbull, Fessenden and Grimes, but failed to produce any effect upon those recalcitrant members of the party. Mr. Theodore Tilton flourished it with remarkable ferocity through double-leaded editorials, and a host of Washington correspondents aided in the task. It was a favorite weapon with Colonel Forney, who of late seems inclined to abandon it. In the "good old democratic times" when Buchanan was President, the party whip used to flourish with great vitality, and was applied freely to keep Senator Douglas from kicking in the traces. Though wielded with remarkable brutality it failed of its effect. It is not apt to hurt a strong man. A few weeks ago Mr. Sumner brought it out for the benefit of the carpet-bag Senators, and frightened them very badly, but nevertheless did not succeed in driving them in the direction he desired. The whip has lost its force, and we are inclined to think it will be used less frequently in the future than it has been in the past. But another weapon has lately appeared, which is even less reputable than the party whip. That was flourished openly and with frank brutality. The new weapon, which may be appropriately termed the faction dagger, is wielded in a different fashion. It is not used for open attack; if it were, the intended victim could parry the stab. Instead of open assault, we have insinuations, iterated and reiterated, day after day, in the hope that they will undermine public confidence. The whip can only be used by a member of the majority, but the dagger is the only weapon of the minority. One does public execution; the other attempts private vengeance. It is attempted to stab the Philadelphia convention in advance of its meeting by insinuating that it will not represent the Republican party. To effect this we are told it is to be controlled by office-holders, indeed, that it is to be composed of them. The assertion is, of course, ridiculously false, but it is hoped that by dint of frequent iterations it may come to be believed. Mysterious hints are thrown out of great disaffection in the party ranks, and that this prominent leader and the others are secretly hostile to this or that nomination. Stories are circulated, and when they have done their work, though it is proved they were false, the contradiction is not allowed to be seen. One journal makes a show of representing public opinion by publishing quotations, which when carefully examined turn out to have been garbled. A distinguished Senator devotes his whole time to talking of some nitro-glycerine plot by which he intends to blow the President up, and that failing, promises to horrify the country by revealing the last words of a dying patriot, confided to him as a legacy to the country. All these stabs, from whatever quarter they come, are aimed at one man, or if aimed at his supporters, it is only that they may injure him. After all the old-fashioned party whip was a nobler weapon than the dagger which has replaced it. It endeavored to accomplish its work by frank brutality and was not wielded in the dark. It took a man to handle it, and never did much harm to any one who had the manliness not to succumb to it. Douglas laughed at it and saw his enemies impotent to injure him. Trumbull outlived it, staid in the party from which it was attempted to drive him, and now sees his most malignant assailant fawning at his feet. The faction dagger, we risk nothing in predicting, will only injure those who are plying it. The people who are to decide, and who will decide for themselves, love fair play. They will not be influenced by insinuations or malignant attacks. They distrust the motives which inspire calumny, and detect in them the evidence of personal spite or disappointed greed. When the time comes for them to select their leaders in the coming contest, they will not take counsel from those who are assuming to be the only honest and disinterested guardians of the party's honor, but will make their own choice, uninfluenced and unbiassed by the cunning malignity which has been expended in the endeavor to forestall their judgment.

A CHANCE FOR THE POLICE.—The Washington *Republican* has the following:

The amount of lying and misrepresentation in reference to the Cincinnati movement, and the attitude of certain gentlemen towards it, is perfectly appalling. The strange spectacle is presented of a body of reformers, not one of whom seems capable of telling the truth. A few days ago we were told that Mr Sumner has pronounced this statement to be falsehood. Then we had the Right Rev. Senator Tipton slandering and calumniating Mr. Dawes and Garfield, fast on the heels of which came a prompt contradiction. Now it appears that some one else has been forging the name of Judge Davis, which that individual has seen fit to expose. Would it not be well for the police to keep an eye on the persons who are said to be in sympathy with this political piece of charlatanism? If the officers of the law only do their duty the Cincinnati Convention never will be held.

FINANCE AND COMMERCE

SATURDAY EVENING, March [illegible], 1872.

New York, [illegible]

[illegible] Legal Tender quotations are still [illegible] and [illegible] selling.

In Polk county buyers of Wool are offering 33½c per lb. At Umatilla and Walla Walla buyers are offering extreme rates.

Latest arrivals from Astoria report no vessels at the entrance of the river.

The steamship *Oriflamme* with freight and 200 passengers sailed from San Francisco on Saturday at 11 A. M., and will be here by Wednesday morning.

It has come to pass that Oregon has an interest in the price of meat at Chicago. The pork crop of Ohio, Indiana, Illinois, and other contiguous States, has been immense, far exceeding any former crop—and the quality of the meat has never been excelled. The market for Bacon, on the Pacific coast, is now largely controlled by the market in Chicago. Latest dates, March 25th, give this report of prices, viz: Bacon—Clear Sides, 7¼c; Hams, 10½@11c. Salted Meats, loose—Shoulders, 4c, 5⅞@6c for Clear Rib, and 6¼@6¾c for Clear.

There will now be five steamers a month, regularly, from San Francisco to Portland. They will sail at intervals of six days.

Concerning the iron market, we quote as follows from a leading Eastern journal of latest mail date: "The iron market is very strong in England and here. The small English manufacturers of bar and bundle iron having gone into the Bessemer steel business, the former industry is crowded to its utmost capacity—a fact that the laborers are quick to make use of for an advance of wages. Strikes are frequent in both the coal and iron industries. Coal at the pit's mouth is worth 15 shillings, the highest price ever known in England, and merchant bar iron has advanced from £7 10s in August last to £12 10s at the present time. The orders now on hand are sufficient to take all the stock up to July and further orders are refused. The Russian spring trade was hurried in in the winter and helped to stimulate the market, while it is thought the production of Sweden and Norway is falling off. This condition of affairs abroad has caused a steady advance in American iron for some time past, which has been followed by an advance in copper, brass and other metals."

It was supposed, a short time ago, that prices of Petroleum would be considerably increased in consequence of the operations of the Southern Improvement Company, a Pennsylvania corporation which had obtained a monopoly of its transportation. The Committee on Commerce of the National House of Representatives has been examining into the acts and purposes of this Company. The object was to combine all petroleum refineries in the country in their scheme, and they accordingly made written contracts with all railroads centering in the oil regions to raise the price of freight $1 25 per barrel. The Southern Improvement Company was to have a special rate of $1 per barrel. The production last year was 6,000,000 barrels, and if this arrangement had gone into effect, the tax on consumers would have been $7,500,000, of which the railroad companies would have received $1,500,000, leaving the Southern Improvement Company $6,000,000. There was great excitement about the matter, but in consequence of the investigation of the subject by Congress all the contracts with the railroad companies have been abrogated, and the danger is over.

REPUBLICAN PLATFORM.

RESOLUTIONS ADOPTED BY THE STATE REPUBLICAN CONVENTION AT PORTLAND, MARCH 29, 1872.

The Union Republican party of Oregon, in Convention, makes this declaration of its principles and policies

1. To the Constitution of the United States and all its amendments we pledge our unfaltering allegiance, to its authority a willing obedience, to its full and legal construction and enforcement our constant support.

2. That the success of the present National Administration in reducing the public debt, diminishing and equalizing taxation, administering every branch of public affairs with economy and efficiency, purging and improving the civil service, enforcing the laws without fear or favor, protecting the nation's wards with paternal care against the cruel avarice of speculation and fraud, and maintaining friendly relations with Foreign Powers, has been such as to command the approbation of the great majority of the American people, and justly entitle it to the confidence and commendation of every true Republican.

3. We regard the payment of our national debt, in full compliance with all legal obligations to all our creditors everywhere, and in accordance with the true letter and spirit of its contracting, as no longer a question in issue, but that we may be clearly understood, we denounce all forms and degrees of repudiation of that debt, as affirmed by the Democratic party and its sympathizers, as not only national calamities, but positive crimes, and we will never consent to a suspicion of lack of honor or justice in its complete satisfaction.

4. We admit of no distinctions between citizens, whether of native or foreign birth; and therefore we favor the granting of full amnesty to the people of those States lately in rebellion; and we here pledge the full and effective protection of our civil laws to all persons voluntarily coming to or residing in our land.

5. We favor the encouragement of railroads by the General Government of the United States, and hold that such disposition should be made of the public lands as shall secure the same to actual settlers only, in quantities not exceeding 160 acres.

6. That while we are in favor of a revenue for the support of the General Government, by duties upon imports, sound policy requires such adjustment of those duties on imports as to encourage the development of the industrial interest of the whole country; and we recommend that policy of national exchange which secures to the working men liberal wages; to agriculture remunerative prices, to mechanics and manufacturers an adequate reward for their skill, labor and enterprise, and to the Nation commercial prosperity and independence.

7. We believe that popular education is the sole true basis and hope of a free government, and shall ever oppose any diversion of, or interference with the common school funds or lands in this State, for any other than their legitimate purpose, and we condemn the act of favoritism by the last Legislature whereby two hundred thousand dollars, taken from the school fund, were granted to a corporation consisting mainly of Democratic leaders and party favorites, for the construction of a work which another corporation, entirely sound and responsible, offered to construct for seventy five thousand dollars less; and that we are in favor of the passage by the Legislature of an efficient school law, such as shall secure to all citizens of our State a good common school education.

8. We find no terms sufficiently strong to express our disapproval of those acts of the last Legislature whereby the swamp lands belonging to this State have been taken from the needy settlers, and given without limit or proper compensation in price to the land grabber and speculator, whereby the emoluments and salaries of State officers have been unconstitutionally increased, and the taxes increased thousands of dollars by the creation of new and unnecessary offices and salaries, for the purpose of providing for party favorites; and whereby the citizens of our metropolis have been deprived of and denied the right of controlling their police authority. And we equally condemn the administration of our State officers and laws as extravagant, reckless, illegal and destructive, and we rightfully charge all these results as the acts of the Democratic party.

9. We are in favor of the United States giving to each honorably discharged soldier who served in the armies of the United States to put down the rebellion a warrant for a homestead of 160 acres of public lands.

10. That we demand the repeal of the so-called litigant act, which was devised to support pauper Democratic newspapers at the public expense.

11. That the Republican party of this State are in favor of the General Government extending aid toward building a railroad from Portland, Oregon, to Salt Lake City, and from Jackson county to Humboldt, and we hereby pledge our party representatives to the support of the same.

12. That the indiscriminate licensing of persons to sell spirituous liquors without being placed under proper responsibilities for the abuse thereof, having been found by experience to promote the growth of crime and pauperism, and thereby to seriously increase the rate of taxation, the Republican party recognizes the right and duty of the law-making power to prevent and limit the evils and abuses of such sale, so far as concerns the public good and is consistent with individual liberty, by refusing to license other than law-abiding and responsible persons, who can furnish sufficient sureties for good conduct.

13. That the Republican party of Oregon is in favor of obtaining assistance from the General Government for the construction of a wagon road from the city of Portland to the Dalles, recognizing this as a most important and necessary improvement for the State.

14. We affirm that the continuance in power of the Republican party is the only sure preservation of national peace and prosperity, and for reasons therefor we point to its brilliant record in the late civil war; to a complete nationality; to a united statehood of thirty-seven States; to our Territories rapidly warming into State life; to a nation freed from the taint of human slavery; to an elevated and enlarged citizenship; to our national standing at home and abroad; to the work of vigorous reform in all discovered abuses of authority or trust; to an unequaled foreign credit; to a successful and a tid financial system; and to the unparalleled peace and prosperity everywhere in our broad domain, and these are our pledges for the future.

15. We hail the "New Departure" of the late Democratic party, taken by the action of their conventions in seven States, as an affirmation of the principles for which the Republican party has contended for the last ten years, and in the "Passive Policy" of that party, already assumed in several of the States, we recognize an acknowledgment of their hopelessness of success in the coming Presidential campaign.

CITY ADVERTISEMENTS.

Ordinance No. 1145.

AN ORDINANCE RELATING TO THE USE OF streets for building purposes and the removal of buildings.

The City of Portland does ordain as follows:

Section 1. No person or persons shall occupy any portion of any street or sidewalk for the deposit of building material, or for the removal of any building or buildings without first obtaining a permit therefor.

Section 2. Application for permits shall be in writing and shall specify: if for building purposes, the name of the street, the number of the lot and blocks, the size and description of the building to be constructed, or if to be repaired, the character of the repairs, the space in front of the lot or lots needed, and the proposed time for completing the work. For the removal of a building or buildings, the application shall state the number of the lot and blocks upon which the same is situated, the size of the building, the number of the lot and block to which it is proposed to remove the same, the route to be taken and the length of time required for such removal.

Section 3. Permits shall be issued by the Street Commissioner in conformity with the endorsement upon the application therefor, by the Committee on Streets and Public Property. A record thereof shall be kept by the Street Commissioner setting forth, in a concise manner, the date, description of property and the objects for which the permit was granted. No permit shall be issued for a longer period than thirty days. The subject matter of such permit shall be under the supervision of the Street Commissioner.

Section 4. The Committee on Streets and Public Property shall endorse upon applications for permits for building purposes, the width of that portion of the street to be used (which shall in no case exceed one-half the width of the street) and the date upon which the permit shall expire. They may at any time during the progress of the work, require the space occupied to be suitably enclosed and a temporary walk laid around the same, lighted lanterns conspicuously placed on the premises during the night, and such other precautions taken to prevent accidents, as they may deem expedient. Upon applications for permits for the removal of buildings, the Committee shall endorse the mode and route for such removal and the date upon which the permit will expire, together with such restrictions as the public interests may require. The Committee may, at their discretion require applicants for permits to give security by deposit, or otherwise, for any damages that may accrue by carelessness or failure to comply with the provisions of this ordinance. No permit shall be granted for the removal of a building within what are known as "Fire Limits," except as provided by Ordinance No 1,140 entitled "An Ordinance to provide for the prevention of fires and the protection of property endangered thereby."

Section 5. The removal of a building or buildings under a permit, when commenced shall be continuous during all the hours of the day, and day by day until completed, with the least possible obstruction to the thoroughfares occupied. No building shall be allowed to remain over night upon any street crossing or intersection, or so near thereto as to prevent easy access to any Fire Hydrant or Cistern. A lighted lantern shall be kept in a conspicuous place at each end of such building during the hours in which the street lamps are lighted.

Section 6. Upon the expiration of the time named in the permit, or sooner if the use of the street is no longer necessary, the street shall be cleared of all obstructions and placed in as good repair as it was before the permit was granted.

Section 7. Any person or persons violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and on conviction thereof before the Police Court, shall be punished by a fine of not less than five nor more than one hundred dollars, and each day of maintaining or continuing such violation shall be deemed a separate offence and punished accordingly.

Section 8. Section [illegible] of Ordinance No. 112, entitled "An Ordinance to prevent and remove obstructions of streets and sidewalks," is hereby repealed.

Passed the Common Council March 6, 1872.
W. F. CALDWELL,
